RE: R081-16. Required Industry Reports

Dear Ms. Everett:

We are submitting these brief comments to address Section 7 of the Division's proposed LCB File No. R081-16, eliminating the requirement under NAC 695D.200 (effective in 1988) that an organization for dental care notify the Division quarterly of any changes in its list of providers.

In short, we support the elimination of this requirement, which may have had more relevance prior to the development and utilization of online directories. In fact, over 95% of our enrollee interaction with respect to directory listings occurs via our online directory, which is updated no less than monthly for additions and/or changes to our network.

If you have any questions, please do not hesitate to call me at (415) 972-8418.

Sincerely,

Jeff Album
